

CCB Malawi: The Sequel

Throughout the month of May we will be working hand in hand with the Mothers' Unions in the parish outstations in the villages of Chileka, Khombwe, Samama, and Thubulubu. Our goal is to raise \$5000 to complete a 30 garden permaculture project. These gardens will provide food for consumption and trade for the more than 2,500 people under the care of Father Barnabas Salaka and the Anglican Mothers' Union.
